Summary of Alerts

+1,114 alerts
+177 classified critical or urgent

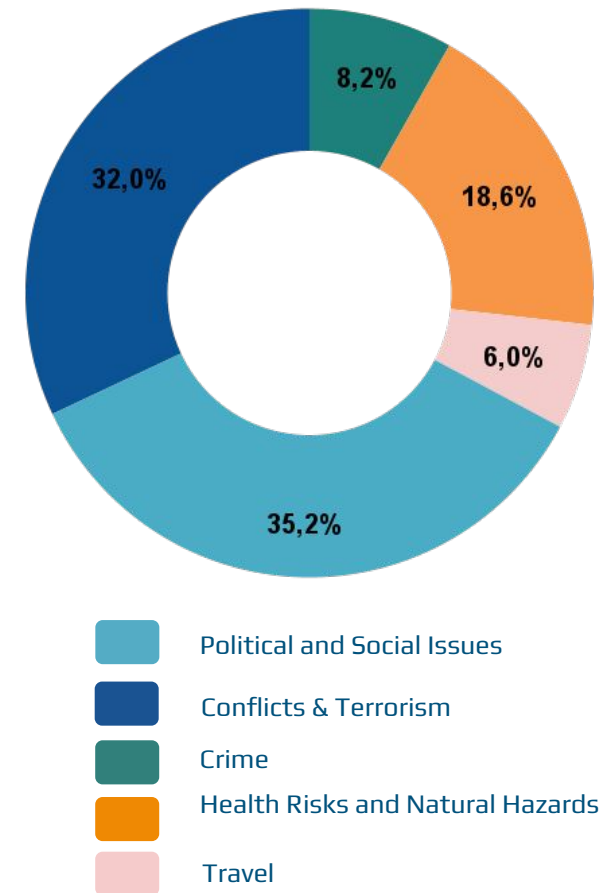

In June 2025, SSF issued a total of **1,114 safety–security alerts** concerning all kinds of risks in order to inform its customers of the latest events likely to have an impact on their interests and the safety or security of their employees throughout the world. The alerts covered **130 countries**.

177 of the alerts were classified as either **critical or urgent**, which specifically activate our 24–hour Security Operations Centre (SOC).

GEOGRAPHIC DISTRIBUTION

TYPE OF RISK

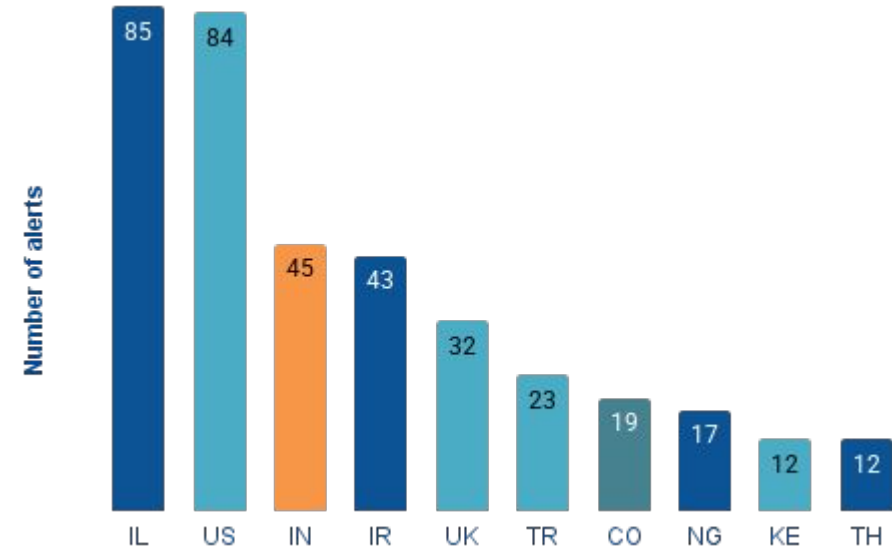

10 countries to monitor

The countries that accounted for the highest number of alerts sent by SSF in June 2025 are **Israel** and the **Palestinian Territories**, the **United States**, **India**, **Iran**, the **United Kingdom**, **Türkiye**, **Colombia**, **Nigeria**, **Kenya** and **Thailand**.

In total, these 10 countries generated **372 safety-security alerts**, representing **33%** of all the alerts sent over the last month.

Countries engaged in long-term warfare or with extremely high levels of insecurity in general (Afghanistan, Libya, Syria, Yemen, Somalia, Sudan and Ukraine) have been deliberately excluded from the list.

Number of alerts issued in June 2025 and main risk factor according to country

Colombia
